

RULES OF PLAY

INITIAL BET:

Players first put up two bets: a bet in the "21" spot for the Blackjack hand, and a bet in the "ANTE" spot for the poker hand. The table minimum applies to both bets.

- ◆ Players must play both spots, "21" and "ANTE", in order to play the poker hand.
- ◆ The "ANTE" bet may not exceed the "21" bet.
- ◆ The "21" bet may be greater than the "ANTE" bet.

DEAL AND BET POKER:

Everyone is dealt two cards. The player then chooses to fold or bet his poker hand.

- ◆ If the player chooses to play poker, he places a bet on the "BET" spot.
- ◆ The "BET" must be the same amount as the "ANTE".
- ◆ Choosing not to play poker forfeits the "ANTE" bet.
- ◆ After all players have made their poker decision, the dealer then checks his hand for a natural Blackjack.

PLAY 21:

After the betting decisions have been made, the game of Blackjack begins.

- ◆ Dealer must hit "soft" 17.
- ◆ Insurance is allowed on the "21" bet only.
- ◆ No "surrender" allowed.
- ◆ Busted hands will remain in play for poker if the player has made a poker "BET".
- ◆ If all players bust their blackjack hands, but one or more has made a poker bet, the dealer will complete his blackjack hand.

PLAY POKER:

Once the dealer completes the Blackjack play, he then compares his hand, as well as his best two-card poker hand, to that of each player.

- ◆ The dealer must qualify with a **QUEEN-HIGH** or better.
- ◆ If the dealer does not qualify, the player will win even money on the "ANTE", and push on the "BET".
- ◆ Straights and flushes DO NOT play for the poker portion of the game. Only pairs and high cards are used to make the final poker hand.
- ◆ A player who has split his hand may use only the first two cards dealt for his final poker hand.
- ◆ With a dealer's natural Blackjack, the player will win, lose or tie on the "ANTE" and receive a push on the "BET".
- ◆ Tied hands are a push.
